

Under 16 2009-10 Season Review

2009-10 Season Report

This year the under 16's on paper have had an extremely disappointing season. Finishing in the bottom half of the league table and unfortunately being knocked out of both the league and London cups relatively early on.

The boys started the season really well in their first couple of games. The season took a dip away to Hamsey Rangers however where the football on show in the first half was outstanding on every level. The boys lost 2-1 to a last minute goal from a free kick. Gutted was an understatement. This was an insight as to how the season would develop. The boys fantastic brand of football and domination of teams continued all throughout the season, however this was a year where concentration and mental strength for the whole eighty minutes of matches were the main ingredients needed for success. On a weekly basis we were conceding sloppy goals from corners, throw ins and route one volley ball style football. This unfortunately was the brand of football most teams in this league chose to adopt. The physical side of the game was also a major weapon in our opponents armoury. We would bully teams with the ball but not compete without it.

The players in this years squad are blessed with technical ability, individual skill and can express themselves on the

pitch better than most. When the boys add the uglier side of the game and the raw determination to succeed whatever the situation, they will begin to achieve what they deserve. Those who work hard next year and respond positively will be the ones who prosper.

On a positive note in terms of results, at the end of the league season, the U16s played brilliantly to win the Claygate 6 a side tournament and the Esher tournament Plate.
