

What it costs to run Balham Blazers FC for a year:

It costs £45,000 to run our club each season and each year we start with £0.00. The following diagram shows how we spend every pound, in what areas etc. All committee members and team managers are volunteers and receive no payment.

How Balham Blazers FC raises the necessary funds:

We have to raise a minimum of £45,000 each season to keep Balham Blazers FC afloat. The diagram below shows the relevant amounts needed and how we hope to raise the money. The average cost per player per year is £300.

The average cost per player per year is £300.
Club Fees, kept low to be all inclusive, do not cover the running costs. We also never have and never will turn a player away because of their inability to pay.

Instead, we offer player bursary schemes to help cover their costs. This means raising more money however. We are still some way short of our required total for 2011/12 so, any fund-raising ideas or offers of support

are extremely welcome. If there is anything YOU can do to help in any way please e-mail Rachel Arbuckle on rachel@theheadshotcompany.co.uk or Louise Eyeington on louise.eyeington@googlemail.com.
