

Under 15
2007-8 Season Review

2007-8 Season Report

It's been a tale of two halves for the Under 15s this season. In the first half of the league and cup campaign performances were inconsistent. Brilliant one week, poor the next. This was always likely to be the case however in what has been a second season rebuilding this age group. New faces added needed time to gel with established members and consistency was never going to be achieved overnight. Injuries to key players early on didn't help the cause.

Once the squad was settled however the consistency duly arrived and the second half of the season exceeded expectations, both in terms of performance and results. Only losing one of their last seven games and that by the narrowest of margins, enabled the team to climb from a lowly League position up to 3rd place. Their scalps along the way included the previously unbeaten division winners. It is possible as a result of finishing 3rd that the Under 15s will be promoted next season.

The squad took their fine end of season form into the Walton & Hersham six a side tournament where our two teams entered both reached the semi finals but unfortunately had to play each other. The winners then lost 1-0 in the final.

The addition of new players throughout the season has undoubtedly strengthened this squad which is now nicely balanced and strong in all areas. The rebuilding is complete and provided they stick together, stay focused and work hard on improving individually and collectively the future for the Under 15s looks very promising.
