2008-9 Season

The Eagles first season of competitive football proved to be an exhilarating roller coaster of highs and lows. With their first game versus AFC Wandsworth, there was a signal that the league was going to be tight and a victory of 2-1 proved how tight the margin was going to be

The Eagles swept past some of their opponents running out winners versus Lusitanos by 9-0. The Eagles kept training hard and working hard in every match. A break for bad weather didn't affect their concentration albeit their ability to pass and move was affected by the foot of mud on Tooting Common.

The League remained very tight with Lambeth, AFC Wandsworth, and Fitz 4 Kids all vying for honours, the two results versus Lambeth eventually proved the difference between first and second place winning twice by narrow margins.

Their resolve to be the best in the Division lead them to the final of the League Cup after beating a tricky Axten 1-0 with a Tommy Graham penalty. The Final versus Clapham Park proved a very difficult affair at 1-1 the game went into extra time and the exertions of the season caught up with the players and Clapham scored with a few minutes remaining.

The 2008/2009 season for the Eagles demonstrated how far they have developed as an outfit and the new 2009/2010 season in the premiership alongside the Colts will be an equally challenging affair. Good luck Eagles.
